

SOLID GEAR SEA

ART. SG61008

SOLID GEAR Sea creates a superior combination between stability and cushioning. This result is reached by a durable leather upper with a new insole board construction and a high cushioning poured PU midsole. In addition, this comfortable shoe offers great grip thanks to the pattern and compound on the rubber outsole. SOLID GEAR Sea also provides great ergonomomy and stability with the same rebound feeling as a sport shoe. Non-metallic toe cap and nail protection.
