

VENTURE 2 ^{S3}

ART. SG76012

Solid Gear reinvents the Venture style, in line with sustainable performance promise. integrates the complete ETPU technology which provides cushioning and comfort for endless hours of walking while reducing pressure. The lightweight microfiber upper and the reused MATRYX® weave will wrap your foot for complete comfort and security, all while providing powerful movement. This innovative new system features an asymmetrical BOA® Fit System configuration that ensures a dialed-in precision fit. Venture 2 is the gamechanger in terms of performance and sustainability, while not only focus on safety when concentrating technologies in the product. The specially developed high rebound OrthoLite® insole is mainly made of recycled materials. Breathable lining made of 100% recycled polyester. Backing, BOA® guides and soft nail protection are all partly recycled. NANO toe cap.
